# Agenda

- What is this presentation not about
- What is this presentation about
- A bug is discovered what to do?
- Examples (live demo)

# What is this presentation not about

- Provide a complete guide on how to report a bug
- Provide a complete guide on how to fix a bug

# What is this presentation about

- Sharing my own experience

# A bug is discovered what to do?

# A bug is discovered what to do?

# A bug is discovered what to do?

- Try to repro?
- Fixed in more recent versions?
- Try to write a patch?
- Report the bug (<https://www.postgresql.org/docs/current/bug-reporting.html>)

# Examples

- Sorted by level of difficulty
  - No C coding needed!
  - No need to build a repro but try to provide a patch
  - Nothing in hand except the error
- None of them provided the fix that went in but...
- All have been fixed
- Live demos

# Demo

# Thank you!
